## An Important Matter.

Drungeets everywhere report that the sales of the Restorative Nervine—a nerve food and medicine—are astonishing; exceeding anything they ever had, while it gives universal satisfaction in headache, nervousness, sleeplessness, sexual debility, backache, poor memory, flatulence, etc.

Mr. Burton & Co., Troy, N.Y.; Ambery & Murphy, of Battle Creek, Mich.; C. B. Woodworth & Co., of Fort Wayne, Ind., and hundreds of others, who have never handled any medicine which sold so rapidly or gave such satisfaction. Trial bottles of this great medicine and book on Nervous Diseases, free at J. W. Gayle's, who guarantees and recommends it.

## Prominent Doctor Accused of Murder!

A gentleman recently made a startling accusation in the hearing of the writer. Said he, "I firmly believe that Dr. —, intentionally or unintentionally, killed my wife. He pronounced her comatose. Condition incomprehensible. She accepted the verdict, and died. Yet since then I have heard of at least a dozen cases, quite as far advanced as hers, that have been cured by Dr. Pierce's Golden Medical Discovery. Her life might have been saved, if Commane's is not incurable." Of course it is not. The "Discovery" will remove every trace of it, if taken in time and used faithfully. Consumption is a disease which plagues a score of afflictions, and the Discovery strikes at the root of the evil. For all cases of weak lungs, spitting of blood, severe lingering coughs and kindred ailments, it is a sovereign remedy.

Among the Colored Citizens.

Mr. Chas. Mosley left Tuesday for Indianapolis, Ind.—Chicago, and other points on an extended visit to friends.

Quite a number of our people called to see Dr. Underwood's newly furnished office Sunday.

We have allowed ourselves to be indifferent to the advancement of our race too long already. One of the moves necessary to that end is a literary society, and an attempt will be made to organize one at the Independence meeting, on Friday night of next week, and a cordial invitation is extended to all to be present. Let none fail to come.

The Industrial Legion Lodge held a meeting Wednesday for the purpose of electing a delegate to the State Grand Lodge, which meets in Danville next July. Mr. Edward Lane was elected on the first ballot,

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 27, 1889.

after which he addressed the Lodge and invited all present to partake of a repast which he had spread for them.

The choir of the St. John's Church continues to improve, and we can say without fear of contradiction that it is the finest in the city. There are however six additional to the choir in the past few weeks, and the members of the church are very proud of their fine singing.

Next week there will be a meeting of the colored voters of the city and county which will be Republican and love feast. Let all who can be present. The time and place will be announced from the Churches Sunday night.

Prof. Monroe, of the Normal School, gave one of his entertainments at the First Independent Baptist Church last night. We go to press too early to give any particulars.

Had Sunday been made to order the weather could not have been more propitious for the baptizing of the recent additions to the First Independent Baptist Church. Out of the eighty who went to be baptized fifty responded. There was a larger crowd present, but no disorder whatever.

**Failures in Life.**

People fail in many ways. In business, in morality, in religion, in health, and in health. A weak heart often causes trouble, and causes death in life. If the blood does not circulate properly in the lungs, there is shortness of breath, asthma, etc.; in the brain, dizziness, headache, etc.; in the stomach, wind, pain, indigestion, heartburn, etc.; etc. Pain, especially in the left side, shoulder and stomach is caused by heart strain. For all these maladies Dr. Miles' New Cure for the heart and lungs is the best remedy. Sold guaranteed and recommended by J. W. Gayle, Frankfort, Ky. Price free.

**No Mistake.**

Is made when you rely upon Dr. Hale's House-hold Ointment for the perfect cure of Catarrh, Cold in the Head, and all Bronchial affections.

This is the only medicine known that will absolutely cure that terrible disease—Catarrh, which it does by allaying all inflammation of the mucous membrane, lining the nasal and air passages in the most soothing and pleasing manner.

You feel relieved from the first application, and a continued application of the medicine will effect a radical cure in the most stubborn cases of long standing. Dr. Hale's House-hold Ointment is sold at 25 and 50c per box at South Side drug store.

## Harp.

Our neighbors are all done sowing oats, although we had to plow while it was almost mud.

Bro. Atkins preached to a large audience last Sunday at Pleasant Ridge Church.

The singing party was held last Sunday night at the house of Jake McCoy and was very largely attended and greatly enjoyed by all.

All our farmers are on the qui vive, tobacco plants are looking fine, and although we have a late start, we expect by industry to have fine crops.

Miss Georgia Shaw, gate keeper at the quarry gate, visited friends in this neighborhood last Sunday.

We heard the president of the F. & P. T. R. Co. say that the stockholders would meet on May 1st and elect a board of directors for the ensuing year. The president has given us a good road, and in one more year, if the same management is continued, the road will be in splendid fix. We are informed that the receipts have also been much larger than ever before for one year the amount at the end of the year will approximate about \$1,700. The management should by all means be continued.

The people hereabouts are pleased at the nomination of Dr. Hume for the Legislature. So far there is not a dissenting voice to his candidacy. He will make a good square representative.

We recommend that there be no levy for the maintenance of the school system for the present year, that after a careful examination of the receipts and expenses of this fund for the past year, we find there will be sufficient means to meet expenses without a special levy. This examination shows that the school system has been able to meet its demands and balance on hand to its credit at this time. This examination of its resources shows that, with the same expenditure that was made for its support the past twelve months, the above mentioned resources will fully meet the demands and leave a balance at the expiration of the school-year ending June 30th, 1892. But should there arise from any emergency a need for loan, so as to maintain said school in the efficient administration of its beneficial purpose, we unhesitatingly assert that the means will be readily appropriated from any funds on hand at the time of the demand, so as to meet the demands and leave a balance at the expiration of the school-year ending June 30th, 1892.

With these school interests properly provided for, we are called upon to meet only the requirements set forth in the estimate above, unless perhaps some new obligation should arise, which we trust will not be the case during the present year.

To meet the above demands we are forced to recommend that the tax levy for the present year be made \$1.60, for revenue, which alone will not fully realize an amount sufficient to meet only the requirements set forth in the estimate above, unless perhaps some new obligation should arise, which we trust will not be the case during the present year.

#### To the Democracy of Franklin County:

In response to the urgent requests of many good men from all parts of the county and the city of Frankfort, announcing my intention to make a visit to Franklin County in the near future, subject to the action of the Democratic party. I call the importance of the next session to our county and town, and also the fact that we should be represented in the House of Representatives. We should be most anxious to go to the place for the place. On this account I hesitated to make this announcement, hoping that some one of more ability, who would receive the support of both the town and county people, would be successful. I have a personal ambition to gratify, and if given the nomination and elected, I will do my best to serve my county. I will be glad to meet the other candidates at such times and places as may suggest, and discuss the important questions that will probably come before the next Legislature. THOS. W. SCOTT.

The promptness and certainty of treatment have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping cough, and is the most effectual remedy known for these diseases. 50 cent bottles for sale by J. W. GAYLE.

Another child killed by the use of opiate given in the form of Soothing Syrup. Why mothers give their children such deadly poison is surprising, when they can relieve the child of its painful troubles by giving Dr. Acker's Baby Soother. Contains opium or morphine, sc. 2d. J. W. GAYLE, Druggist.

#### Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected, to an alarming degree, appetite fell away, and his teeth terribly pained in flesh and strength. Three bottles of Electro Bitters cured him.

Edward Shepherd, Harrodsburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electro Bitters and seven bottles of Electro Salve, and the sore disappeared. His leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electro Bitters and one box Bell's Armina Salve cured him entirely. Sold by the South Side drug store.

After consultation it was determined to hold a reunion of said regiment.

On motion of Capt. Barrett the following committee on arrangements was appointed, viz:

R. L. Bond, Co. B, Carrollton.  
R. F. Slaughter, Co. C, Poplar Grove.

George Rule, Co. D, Falmouth.  
A. W. Smith, Co. E, Milton.

THE GERM DESTROYER.

In the field of discovery and invention, medicine has not kept pace with surgery. That, perhaps, is natural, as surgery is the older branch of medicine. The general acceptance of the germ theory of diseases, however, opens a new field for medicine, and will take it completely away from the mechanical surgeon. It will bring all things to light.

And yet medicine is not without its discoveries. It has long been known, and the fact is now recognized wherever the test has been made, that Swift's Specific (S. S.) will destroy every living germ, whether animal, vegetable or mineral.

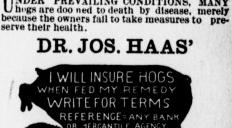

It is equally effective against microbes of skin diseases, and the bacilli of contagious and other forms of blood poisoning, ejects them from the blood, and purifies and builds up the system. No medical discovery of our day has achieved such remarkable success.

GEO. A. LEWIS, Editor and Publisher.

FRANKFORT, APRIL 18, 1891.

## The Capital Permanently Located.

After a hundred years of strife and contention over the location of the Capital of Kentucky it was a wise and graceful thing in the Constitutional Convention to put an end to the controversy by permanently locating the Capital at Frankfort by the overwhelming vote of 57 to 34. The members of the convention felt that a hundred years of fruitless contention over this subject was quite enough, and in spirit of justice, and guided alone by motives looking to the public good, raised themselves into the empire of exalted statesmanship and by a vote bordering on unanimity commanded the peace between the warring sections of the State with a voice that will be respected and approved from the Big Sandy to Hickman, and from the Ohio river to the Tennessee line, and the man or the city attempting to renew this vexed question again, during the next century, will be regarded by all as a disturber of the public peace, and an enemy to the progress and welfare of the State.

This same question was distinctly submitted to the people of Kentucky when the Constitution was adopted in 1799, and again in 1850, and now again in 1891, and the verdict each time was in favor of the little city of Frankfort, where the heroes and statesmen of Kentucky, for a hundred years, lie sleeping in their narrow houses in the Cemetery on the hill. The State House and the Arsenal and the Penitentiary might have been put upon wheels and carried away to Lexington or Louisville, but the heroic memories of Theodore O'Hara, young Clay and McKee, and all that host of immortals who established and gave to Kentucky her enduring fame, could not be taken away from the beautiful cemetery at Frankfort, where their bodies lie moldering in the grave—where their noble deeds are inscribed on their monuments, and where their immortal spirits still hover in the air to guard the repose of the dead and the honor of the State. It required statesmanship of the most exalted character to recognize both the injustice and the impossibility of removing the entire capital away from Frankfort, but the good people of Kentucky may now congratulate themselves, and their children and their children's children to the latest generation, that the present Constitutional Convention was equal to the emergency of the occasion; and the spirits of the heroic dead no doubt rejoice that the glowing memories and sacred dust over which they have charge have not been disturbed.

Frankfort fully recognizes that it was pardonable ambition on the part of any other city or town to desire to possess so rich a treasure as the capital of the noble and historic State of Kentucky, and bows her thanks in becoming modesty, in this her hour of triumph, to every member of the Convention, as well as to every citizen of the State for the great honor thus for the third and last time so handsomely conferred upon her; and her people feel and willingly give expression to the thought, that they would be unworthy of the rich treasure thus confided to their keeping, were they to fail to make the sincere announcement on this great, and to them especially, most agreeable occasion, that they desire above all things else the permanent repose and prosperity of the entire Commonwealth, and that they cherish no ill-will against those whose natural and laudable ambition prompted them to contest for the location of Kentucky's proud capital elsewhere than at Frankfort—that we have no enemies to punish but earnestly desire to co-operate in the most friendly spirit with the good people of every section of the State for the purpose of building up the waste places of our grand old Commonwealth for the common good. Here is the friendly hand of the victor to all who were unsuccessful in the contest.

## Repairing the Bridge.

The L. & N. Railroad Company are repairing their bridge across the river at this point, putting in new floor timbers, &c., and for that purpose tore up the floor of the bridge on Monday afternoon. Since that time all the travel between this city and Bellepoint has been over the St. Clair street bridge and around the river road. Many persons were caught Monday evening, who went down to the bridge, were not permitted to cross, and had to go all the way around the other route.

## Knocked From His Wheel.

Messrs. J. T. Corley and H. C. Hall, two bicyclists from Pleasureville, came up Saturday night and spent Sunday in this city for the purpose of taking a run over the pikes in this vicinity. Sunday afternoon they started to Versailles in company with Mr. Minus Williams, Jr., and others, and when about a mile beyond Jett Station, in coasting down hill, Mr. Williams ran into Mr. Corley, knocking him from his wheel, throwing him against a plank fence and so badly injuring his arm that he will not be able to use it for several weeks. The party returned to this city, where Mr. Corley's injuries were dressed by Dr. Duvall, and he returned home Monday.

## G. A. R. Meeting.

The annual meeting of the State Encampment of the Grand Army of the Republic and the Women's Relief Corps will be held in this city on the 29th of this month. The meeting is for the purpose of transacting the usual routine business and the election of officers. Among those most prominently spoken of for the office of Grand Commander are Col. S. G. Hillis, Representative in the last Legislature from Lewis county; Gen. E. H. Hobson, of Greensburg; and — Lewis, of Newport. There will be no grand parade during the meeting, though the delegates will be escorted from the train upon their arrival, by a committee of A. G. Bacon Post and a band of music.

## Won the Honors.

Mr. John M. Stevenson, of George town, formerly of this city, who represented Georgetown College in the Inter-Collegiate Oratorical Contest at Lexington on Friday evening of last week, was awarded the honor of delivering the best oration. His subject was: "Conservatism and Reform in Government." The Lexington Opera House was crowded. The Judges were: Gen. Basil Duke, of Louisville; Judge W. T. Lafferty, of Cynthia; and Prof. Maurice Kirby, of Louisville.

On his return to Georgetown Saturday afternoon, Mr. Stevenson was met at the depot by some of his enthusiastic College chums with an open hack and a brass band. A procession was formed and the College boys, wearing their colors—green and pink—marched downtown, giving on the way the College yell for the benefit of their friends who hadn't the opportunity to hear it at Lexington.

The Kentucky University announced several days ago that this would be the last contest in which its students would participate, giving as reasons that it interfered with studies, had a tendency for leading the students to drinking, gambling, and vice.

## DEATH OF A CENTENARIAN.

### Mrs. Mary Cox Passes Away in Her Hundred Year.

Mrs. Mary Cox, widow of the late Jacob Cox, and mother of Mr. L. J. Cox, died at her home near Stedmontown, this county, on Friday of last week. She was at the time of her death perhaps the oldest person in Central Kentucky, having been born on the 22d of December, 1791. As the result of an attack of rheumatism, she had been confined to bed for twenty-three years, but never murmured nor forgot to yield obedience to what she conceived to be the will of her God. She was a devout Catholic and twice received the last rites of the Church, the first time recovering from what seemed the very jaws of death and lived some years longer.

Notwithstanding she had been an invalid for so many years, Mrs. Cox preserved her vitality to such a degree as to appear much younger than she really was. Her face was almost without wrinkles, and her skin as soft and eyes as bright as in middle age. She took great interest in current events, even the style of dress commanding in part of her attention.

In anticipation of reaching the one hundredth anniversary of her birth, on the 22d of next December, she had planned for a reunion on that occasion, and had herself arranged all the details necessary for such meeting—designating, besides her numerous descendants and other relatives, many old friends whom she desired to have present.

Up to the commencement of her last illness, several weeks ago, her health had been excellent for years, and while considered dangerously sick for the first two weeks of her recent attack, her vitality and recuperative powers were such that she appeared in a fair way to recover, until within a few hours of her death, when she suffered a severe relapse, and rapidly passed away.

The funeral took place on Sunday and the remains were laid to rest in the Cemetery in this city.

##### Sold His Farm.

Mr. M. Luther Crutcher sold his farm on Tuesday to Mr. Stephen Black, for \$8,000. There is about 82 acres in the tract and the land lies three miles from this city on the Georgetown pike, just across the pike from Mr. Black's place. It will be occupied by Howard Black. Mr. Crutcher will probably locate in the west.

##### Protect Your Health.

Cold and moisture combine to have a telling effect upon the bodily organs, and to be disease-producing. It is better to be more tardily performed in winter than in the fall. The same is true of the function of the bowels. They are often sluggish, and the pores of the skin throw off but little waste matter. This causes the body to require opening up a little, and also purifying and regulating, and the interest that can most advantageously be taken in this can be used for these purposes is Hostetter's Stomachic Tonic. It cures the spasmodic rheumatic twinges, the dyspeptic agonies, the painful disturbances of the bowels, the biliousness, the flatulencies, the gripes, so common at this time of the year, will do well to reinforce their effects. It removes the obstructions and invigorates the system. It improves the appetite, strengthens the stomach, cheers the spirits, and revives the whole physique.

##### Change of Location.

Messrs. C. E. Collins & Bro. have opened a new hardware store at the old Gwin stand, on the corner of Main and Lewis streets, next to the State National Bank, where they have an entirely new and fresh stock of hardware, wall paper, &c. About the first of July they will give up their store on Broadway and remove their entire business to their new store. Until that time the stock in the old house will be sold off at greatly reduced prices, and persons wishing bargains in their line should call at once.

##### Adjourned.

After having been in session seven months, the Constitutional Convention adjourned on Saturday until the 2d of September. The new Constitution, which they have prepared,

will be submitted to a vote of the people at the August election, and 200,000 copies of it have been ordered printed for distribution so that the people may inform themselves of its provision before voting upon it.

The points of the new instrument are as follows: Prohibition of local and special legislation by the General Assembly; prohibition of lotteries; adoption of secret ballot; remedy of the evils of frequent elections by the removal of the election day; reform of taxation and exemptions; a barrier to extravagant public expenditures, and provisions for the better administration of Government; State, county and municipal; restriction given to the Grand Jury from sixteen to twenty-three; fourth verdict in jury case authorized; convicts not to be worked outside of the prison walls, provision for a reformatory for juvenile offenders; restriction of recompensation given to the Railroad Commission; prohibition of the State and counties and municipalities to aiding railroads or other corporations except to build turnpikes, gravel roads and bridges; the elimination of the slavery system.

The Constitution was signed only by the President and Secretary of the Convention.

**PROF. BROWDER DEAD.**

**The Able Teacher Passes Away at His Home on Thursday Evening.**

Prof. Samuel P. Browder, Superintendent of the Public Schools of this city, died Thursday evening at 9 o'clock, after an illness of several weeks. While it was known that Prof. Browder was seriously ill his death was unexpected, and the announcement that his spirit had winged its flight produced universal regret and sadness. He had been a sufferer for many years from asthma, and early in February was attacked with grippe from which he had been confined to the house. On Wednesday he was feeling so much better that he arose, went out and walked about his yard for a short time, when he took fresh cold, causing his disease to take the form of dropsy, producing his death as above stated.

Prof. Browder was born in 1830, near Middletown, in Jefferson county, and was raised in Louisville, where early in life he commenced the profession of teaching. In September, 1868, when the Frankfort Public School was organized, he was elected its first Superintendent, which position he continued to fill up to the time of his death. Being a splendid teacher and admirable organizer, under his able management the school soon took rank as one of the best in the State; a reputation it has continued to maintain. He possessed the faculty of imparting knowledge to the young in an eminent degree, and few men in the State stood higher than he as an educator, and in his death the educational interests of the city and State have suffered an irreparable loss.

He leaves a widow and four children—Mrs. W. S. Saffell, Miss Mary and Mr. George Browder, of this city, and Mrs. H. M. Stucky, of Louisville, to mourn his loss.

The funeral will take place this afternoon at 2 o'clock from his late residence on Shelby street, and the remains will be interred in the Cemetery here.

The Board of School Trustees was in session when Professor Browder's death occurred and as soon as the sad news reached them the following resolutions were adopted:

**RESOLUTIONS OF THE BOARD OF TRUSTEES OF THE PUBLIC SCHOOL OF FRANKFORT.**

At a meeting held Thursday night, April 10, the following resolutions were adopted:

**Resolved**—That in the death of Superintendent S. P. Browder the Board of Trustees of the Public School of Frankfort recognize a

serious loss not only to the city but to the general educational interest of the State. That in his service here, covering a period of twenty-three years, he has done more than any other individual to form and make permanent the fine system of schools, of which the citizens have every reason now to be proud. That his entire life, from early manhood until the day of his death, he has given to the purposes of common school education and that he proved himself efficient alike in organization, discipline and general management.

**Resolved**—That the profound regret and sympathy of the Board, tendered by bereavement, fail to express in testimony of its respect to the memory of the deceased the Board will attend the funeral in a body.
